This is to certify that the Teaching-Learning and Evaluation system of Jangipur College take into account the Feedbacks with considerable seriousness. From 2018-19 to 2022-23 the IQAC has been obtaining Feedbacks from Students, Teachers and Employers, analysing the same, and submitting the analysis to college authorities for follow-up action. The details of Feedback analysis and reports are always posted in the college website. Till 2021-22 the Feedbacks were collected in an offline mode using drop-boxes. From 2022-23 the Feedback system has been revamped and Feedbacks, then on, are collected through dedicated portal in the college website. In this institution the Feedback system is transparent and systematic.

The details regarding the prevalent Feedback system provided in the SSR (1.4.1) are genuine to the best of my knowledge.
